The villa is conceived as a private retreat where architecture, landscape and light meet naturally.

Spaces open towards the outdoors, allowing views, air and natural light to become part of everyday life. A home designed to enjoy time, space and tranquillity.

This villa sits on a 2,006 m² plot and has a floor area of 473 m² spread over two floors, comprising a total of 4 bedrooms, 4 bathrooms and a separate toilet.

The villa proposes a contemporary architecture organised through clear volumes and balanced proportions.

The home unfolds through generous open-plan spaces where living, dining and kitchen areas connect naturally, creating a continuous sense of openness and light.

Terraces become a natural extension of the interior spaces, allowing outdoor living throughout the year.

Floor-to-ceiling glazing allows natural light to flow through the house while integrating views into the living experience.

The result is a bright, serene and functional home where architecture and lifestyle integrate naturally.
